

## Mullen's Miracles releases 'We Go On'

**Their Debut Rock Single of Strength and Hope For Mental Health Awareness and Those Struggling With Loss - Drops October 27, 2025**

Kathy Mullen's only child Eric William Mullen took his own life on October 2, 2018. His decision shattered her world, as even with medical personnel, trauma therapists, and recovery programs, she was overwhelmed sorting through the abundance of resource options while losing the battle against time to find the help Eric so desperately needed while he was alive.

Kathy explains how she came to set up the not-for-profit organization:

*'Before I left Eric's hospital bed, I committed to helping others live healthier lives by finding ways to 'fill the gaps' we had experienced. Mullen's Miracles exists to make your journey easier so your 'Eric' can survive and live a long, beautiful life.'*

In 2023, there were 7,055 registered deaths by suicide in the UK, representing an increase of 7.1% from the previous year; in the USA there were just under 50,000 cases in 2022. Suicide is a leading cause of death among men aged 45- 54 in the UK, which perhaps also reflects the much-reported male loneliness epidemic. For every individual who takes their own life, there may be up to 135 people who need grief support.

Mullen's Miracles mission is to provide that support and save lives. The organization helps people to navigate their journey, whether that is supporting their own loved ones, or to directly intervene where someone is having suicidal thoughts. Kathy's own experience of grief, and the darkness that followed Eric's death, informs all the work that Mullen's Miracles does. Her own pain showed her how people can get to the point where they can't go on, but go on she did, using all the tools at her disposal. Her message is 'We always have hope. There is always a way to find joy. We go on.'

As Mullen's Miracles grows, the organization are releasing 'We Go On', the first single from the forthcoming album, "Live Like There's No Tomorrow", to raise money for this vital work. Featuring Jeff Pike on lead and background vocals, all songs on the CD were written and produced by Grammy-nominated songwriter and producer Ross Vannelli.
